John L. Bock Is A Perjurer

**Has Made A Practice Of Suing
 Cities For Alleged Damages.**

Sheriff Linville left Astoria Saturday evening for Oakland with requisition papers authorizing him to return to this city with John L. Bock and Josiah S. Smith charged with perjury. The official and his prisoners are expected to reach this city not later than Thursday.

John L. Bock brought suit against the city of Astoria two years ago to recover \$5000 for injuries alleged to have been sustained because of the city's defective streets. After the second trial an award of \$2250.50 to the plaintiff was rendered. In consideration of a cash payment of \$2000 Bock, through his attorney, J. F. Hamilton, submitted a proposition to the council whereby all further litigation would cease. The council seemed favorable to the plan but before any action was finally ratified District Attorney Allen gave the city fathers to understand that all was not right and in consequence the compromise fell through. Mr. Allen had learned that Bock had for some time made a practice of suing cities, a broken leg and indomitable nerve, serving to back up his claims. City Attorney Smith and Mr. Allen followed up what information they had at hand Mr. Smith going to Oakland, where Bock and Smith were, to follow up their records. Without doubt the two men are swindlers and the charge lodged against them is a serious one. A telegram from Mr. Smith delivered the final knock-out.

It has developed that the two men have traveled under aliases and that they are ranchers in California when they are not robbing taxpayers. It is alleged that Bock has defrauded Seattle out of \$2000, following out successful by the same methods adopted for his campaign against this city.

FUNERAL OF LATE MRS. PARKER

The funeral of the late Mrs. C. L. Parker will be held next Friday the day being occasioned by the absence of three of the daughters who have been attending school in Massachusetts but who are now en route for the west. The interment will be in the old Clatsop cemetery and the funeral will probably be held from the residence of Mr. McGregor. Mrs. Parker was born in Cincinnati, Ohio, 46 years ago. She came to Astoria in 1876 and three years later became the wife of Mr. Parker. For the past 12 years the family lived away from Astoria the time being divided between Portland California and the east.

REMAINED TO JAIL.

August Thompson, who was charged with robbing Victor Bergman's store at Seaside of \$50, had a preliminary hearing before Justice of the Peace Goodman yesterday afternoon. Thompson appeared without an attorney. He admitted having been implicated in the robbery but denies that he actually entered the store and took the cash. The party alleged by him to have done that he names as Charlie, but beyond that nothing could be obtained in regard to him. There is a doubt that such a person really exists. Thompson claims that "Charlie" entered the store while he remained on the outside of see that the coast was clear. After the robbery was committed "Charlie" disappeared, and nothing further has been heard regarding his whereabouts. A further examination was discontinued and Thompson was placed under \$500 bond to await the action of the circuit court. He is now in jail, having failed to produce bail. The prisoner is in his 17th year and is somewhat of a puzzle to the officials. He is either not very wise, or is determined not to talk, as it is about impossible to get him to throw any light on the matter. The offense is punishable by a term in the penitentiary, but owing to Thompson's youth it is possible some other punishment will be provided for him.

THEY ARE LAW BREAKERS.

A hillside resident is indignant at the actions of some unprincipled persons who make a practice of despoiling his flower gardens and shrubbery. A beautiful shrub has recently been ruined by some night prowler who ruthlessly tore off the branches containing the blooms. Since then the same gentleman's freshly set out hedge has been robbed of one of the plants. This will spoil the effect of the hedge, and the resident is righteously indignant at the vandalism wrought. There have been other acts of similar lawlessness reported, and their continued commission is likely to seriously embarrass the miscreants as a close watch will hereafter be kept up for the guilty parties.

The First Lutheran church was filled to overflowing last Sunday both morning and evening. A class of 13 young people were confirmed in the forenoon and in the evening these and many others partook of the Sacrament of the Lord's Supper. In the afternoon a service in the Swedish language was held, including holy communion. The church was very tastefully decorated and special music was rendered at each service. Quite a number of members from the country were in attendance in the morning.

A SUBSTITUTE FOR RUBBER.

After experimenting for several years a substitute for rubber has been perfected. It is produced, principally, from asphalt, and can be used in the manufacture of rubber goods, linoleum, etc. A substitute of this kind will probably answer as well as the genuine article, but in medicine it has been proven, time and again, that all substitutes are dangerous. Therefore beware of them when purchasing Hostetter's Stomach Bitters, the celebrated family medicine for stomach, liver and kidney ills, by noticing that our private stamp over the neck of the bottle is unbroken. The Bitters positively cures nausea, headache, dizziness, dyspepsia, indigestion, constipation, nervousness and general weakness. Be sure to give it a trial. For sale by all druggists and general dealers.
